Celebrating 20 Years of ACS

ACS is 20 years old! We're celebrating this milestone with a game of "20 Questions" with our amazing ACS team!

Amber Hill, Executive Administrator

1 What's your philosophy for life?

There are no such things as "guilty pleasures". The things in life that bring us pleasure and joy should never make us feel ashamed or guilty. You should be loud and proud of your quirky interests and traits!

2 Best book you've read lately?

I'm late to the party but I just read *Where the Crawdads Sing* by Delia Owens and I have to say I haven't been that entertained by a book in a while.

3 Something you've done in your work that you're most proud of?

I have helped many of the employees I used to lead find their purpose and grow their leadership skills so they could leverage those skills and get promoted! Helping others realize their potential and achieve their goals is something I take pride in.

4 Favorite watering hole?

Terrestrial Brewing Company in Cleveland, Ohio. Whenever I get drinks with friends or my fiancé, this is where we end up going! It has a very chill atmosphere, two great patios and there are always dogs there!!

5 One public policy you'd change?

I would implement Universal Healthcare! As a type 1 diabetic I am very passionate that everyone should have access to their life saving medications without going into debt.

6 What made you choose your career path?

I have a knack for problem solving and staying cool under pressure. I realized that those skills are useful for coordinating and planning, so I decided to get my BA in Organizational Leadership and Project Management. I love helping people stay organized and efficient. Getting to do that for a company with integrity like ACS has been so fulfilling!

7 A favorite mentor?

My friend Bryan is someone who has challenged me personally and professionally. If it were not for him, I would not have gone back to school and took a chance on making a career change!

8 Rock, rap, or country?

If we're talking country as in, Beyonce's Cowboy Carter, then I pick that. But truly I love so many different genres and artists, my taste is quite eclectic.

9 Dogs vs. cats: who rules and who drools?

I am a proud cat lady! But realistically I am a pet person. I love all animals and we truly don't deserve the unconditional love they give us.

10 Favorite thing about working with ACS?

Being surrounded by passionate, smart and hilarious women every single day!

11 A skill that might surprise us?

I am really fast at doing puzzles.

12 Biggest "win" or "lesson learned" of your career so far?

It may seem like a no-brainer, taking care of yourself and making your health and goals a priority! It took me way too long to learn that it isn't helpful for anyone if you don't take care of your mental, emotional and physical health first. You can't give people the best of you if you have nothing to give because you're burnt out.

13 Favorite vacation spot?

Seattle! I have 5 friends from different parts of my life that all ended up living in Seattle, I try to visit at least once a year and I love it!

14 Ideal weekend activities?

Playing board games with friends and having a cocktail!

15 Pet peeve?

I have so many...but the biggest is probably when someone is humming or whistling just to fill silence.

16 Advice for rising leaders in your field?

Ask for help! No one knows everything and being curious to learn more by asking for help is a HUGE strength.

17 If you could magically become an expert in anything, what would it be?

This is probably more in the realm of "If you had a superpower, what would it be," but I wish I could just magically fix broken things. Oh, your computer is broken, no problem I know how to fix it. Your car breaks down, I got you! You broke that family heirloom your grandma guilted you into taking... fixed!

18 Favorite holiday?

Halloween.

19 Country you'd live in if not this one?

I have family from Ireland and Scotland, I think it would be cool to live there for a bit.

20 Most recent thing that made you smile?

My cat Waffles napping in a sunspot while I work.
